DETAILED ACTION

Claim Rejections - 35 USC § 103

I. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

A. Claims 1-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Rutter et al., US No. 2002/0131659.

i. Claims 1-11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Rutter, US No. 2002/0131659 ("Rutter").

ii. Rutter discloses a dynamic seal comprising a sleeve (12) and an annular lip (29). The dynamic seal further comprises an annular encoder element (8). The encoder element (8) is secured to the sleeve (12) and has at least one annular surface to which the lip (29) is bonded.

iii. Rutter discloses the claimed invention except for the particular materials. It would have been obvious to one of ordinary skill in the art at the time the invention was made to make the dynamic seal using the particular materials, since it has been held to be within the general skill of a worker in the art to select a known material on the basis

of its suitability for the intended use as a matter of obvious design choice. *In re Leshin*, 125 USPQ 416.

II. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

III. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Enoch E Peavey whose telephone number is (571) 272-7061. The examiner can normally be reached on Mon-Fri 8:00 am to 4:30 am.
